

Classroom News from the Pioneers

September 9, 2016

Greetings Pioneer Families!

We're off to a great school year! Students enthusiastically joined classroom routines and loved visiting the outdoor classroom! We're working hard to learn each other's names, our responsibilities, and the rules of our classroom. Students are adjusting well, but will probably be tired from their first week of school!

Have you asked your child...

*What can you tell me about the sunflower? (It was so big--over 10 feet tall! We carried it around the school, and now we're scientists studying sunflower heads in our sensory table!)

*What are our three classroom rules? (be safe, be kind, be gentle)

*What are circle manners? (sit criss-cross applesauce or side sit, listen, raise hand, etc.)

*What did you learn about fire drills? (stop what you're doing, line up, and go to our meeting place near the dumpsters. We need to get out quickly but safely!)

Kindergarten Families only:

*What letter sounds did you learn? (t, b, and f)

Reminders and Events:

*If students do not yet have an extra change of clothes in their bags, please remember to put them in for next week. There is a place in our classroom where we can safely store them so they do not come back and forth every day.

***Open house** will be on **Tuesday, September 13th from 6:00-7:00** at the school.

*Our first field trip to **Foxcroft Farm** will be on **Tuesday, September 20th**, from approximately **9:00-10:30**.

Enjoy the weekend!

Ms. Noonan
